

You are only a part of yourself, collected in tangles

When it happened When it started When it was
When you finally When they came When you didn't
When you tried it When you edged closer When you
took When you felt When you went back When they
sensed When it had occurred to When you saw what it
really When you needed When there were When did
you When you knew that When you woke up When
you thought of When you were When you saw it
When you had When you were sick of When you
When you remembered When it fell When it changed
When it changed the When they changed When it
started to hurt When it started leaving When they
noticed When you guessed at the When you were When
you thought When you needed When there were When
it did When you When it wasn't there When it wasn't

You are only a part of yourself, lected in tangles

When it happened When it ed When it was
When you finally When they c When you didn't
When you tried it When you e closer When you
took When you felt When you't back When they
sensed When it had occurred teen you saw what it
really When you needed Where were When did
you When you knew that Who woke up When
you thought of When you When you saw it
When you had When you sick of When you
When you remembered Well When it changed
When it changed the Why changed When it
started to hurt When it st leaving When they
noticed When you guessed a When you were When
you thought When you need hen there were When
it did When you When it , there When it wasn't

You are collected in tangles

When it started When it was
When you didn't
When you got closer When you
took When they
sensed When you saw what it
really When there were When did
you When you woke up When
you thought When you saw it
When you were sick of When you
When you tell When it changed
When it changed When it
started to leaving When they
noticed When you were When
you thought When there were When
it did When there When it wasn't

You are in tangles

When it was
When you didn't
When you
took When you
sensed When they
really When what it
you When then did
you thought When
When you saw it
When you then you
When it changed
started then it
noticed When they
you thought When
it did When he wasn't
